

Living in The Light  
By Joyce Groom

Chorus:

I'm living in the light of His presence  
I'm feasting on the Manna from above  
I'm standing in His glory  
Telling the endless story  
Of God's amazing love

There's a life that is worth living  
Inner joy that makes me sing  
There's a plan that leads to victory  
Even though I may not see  
There's a light for every shadow  
There's a hope for every pain  
When I fix my eyes on Jesus Christ  
There's power in that Name

Chorus:

I'm living in the light of His presence  
I'm feasting on the Manna from above  
I'm standing in His glory  
Telling the endless story  
Of God's amazing love

There's a sunrise every morning  
Creation worships and sings  
Every flower, a sweet fragrance  
Special and unique  
Every life He makes is perfect  
Fashioned by a God of love  
He created life and it's a miracle  
Hallelujah

Chorus:

I'm living in the light of His presence  
I'm feasting on the Manna from above  
I'm standing in His glory  
Telling the endless story  
Of God's amazing love

I'm standing in His glory  
Telling the endless story  
Of God's amazing love
